

**GRADUATE DEPARTMENT OF CLINICAL PSYCHOLOGY  
GEORGE FOX UNIVERSITY**

**MINORITY/DIVERSITY SCHOLARSHIP APPLICATION**  
**Initial Submission**

The goal of the Minority/Diversity Scholarship Program in the Graduate Department of Clinical Psychology (GDCP) is to facilitate cultural/ethnic diversity in the student community and to encourage the provision of psychological services to under-served groups.

The GDCP faculty awards a limited number of minority scholarships each year to students admitted to the GDCP. Scholarship awards are made on the basis of financial need on an annual basis, and generally range from \$2000-\$5000 per year. Although awards are for one year, our intent is to provide financial support to qualified students throughout the four years of academic study (the internship year is excluded). Awards are renewable each year provided the qualified student maintains satisfactory academic and clinical progress, and contributes to the program's diversity awareness (e.g., participates in the GDCP Multicultural Committee).

It is expected that recipients will contribute to multicultural awareness on campus and/or provide services to diverse groups while enrolled in the GDCP. Scholarship recipients are required to apply for an APA Minority Scholarship within 12 months of receiving a scholarship from the GDCP.
